## Scenario narrative

Complete package containing intentional cross-source and commentary conflicts.  
The rendered report describes the subject as C3.  
All names, locations, facts, and exhibits in this file are synthetic.  
No borrower, lender, client, appraiser, signature, or credential is represented.

# Sales comparison overview

| Item        | Subject              | Comparable 1 | Comparable 2 | Comparable 3 |
|-------------|----------------------|--------------|--------------|--------------|
| Identifier  | SYNTHETIC-REVIEW-002 | SYN-COMP-01  | SYN-COMP-02  | SYN-COMP-03  |
| Sale status | Subject              | Closed       | Closed       | Closed       |
| Condition   | C3                   | C3           | C3           | C4           |
| Quality     | Q4                   | Q3           | Q3           | Q3           |
| GLA         | 2,180                | 2,080        | 2,225        | 1,990        |

## Comparable commentary

Comparable 1: similar utility; verify all reported differences in the workfile.

No individual commentary was supplied for the remaining comparable(s).

## Condition and quality addendum

Rendered condition commentary: C3.

Rendered quality commentary: Q4.

Observed scenario item: active roof leakage. Review the related exhibit.

Scenario identifier: SYNTHETIC-REVIEW-002.

The appraiser must reconcile all source evidence and make every final decision.

This synthetic report does not determine value, recommend an adjustment, declare USPAP compliance, or guarantee lender or GSE acceptance.

### Professional boundary

Appraiser judgment is required for every finding and report decision.

This package is a controlled demonstration fixture, not assignment evidence.
