Comparable commentary

Comparable 1: similar utility; verify all reported differences in the workfile.

Comparable 2: similar market area; commentary is synthetic and requires review.

Comparable 3: condition differs; no adjustment conclusion is represented here.

Condition and quality addendum

Rendered condition commentary: C3.

Scenario identifier: SYNTHETIC-READY-001.

The appraiser must reconcile all source evidence and make every final decision.

This synthetic report does not determine value, recommend an adjustment, declare USPAP compliance, or guarantee lender or GSE acceptance.

Professional boundary

Appraiser judgment is required for every finding and report decision.

This package is a controlled demonstration fixture, not assignment evidence.
